Giving your computer a new look.

iPhone PSD

Information:

Here is an iPhone image I made in Photoshop. Everything created from scratch.

Terms of Use:

- This PSD is for personal use only. **DO NOT** use it for commercial purposes.
- You can't redistribute this PSD without permission. For more info contact studiotwentyeight.com
- You can use this PSD for whatever you want as long as it's personal and you don't make any profit from it. Please let me know first and include credit and link to my website.

By downloading this file you agree to follow these terms of use.

Enjoy ;-)
